I have a bit of news for the Sculpture Guild newsletter. I have a few pieces of my ceramic figurative reliefs on display at the Detroit Tile Company. Here is their link:

[Detroit Tile Company](#)

This is a custom tile company in the midtown area, on Cass just south of Canfield. They produce most of their own product as well as a show a selection of tile and ceramics from artists around the world. Along with my sculptures they have a portfolio of the original figure sketches to show on request. Great place to visit if going to the Avalon Bakery or Traffic Jam or any of the other new places in Detroit's midtown.

Hope all is going well with you and the Guild.

Yours

Jerome Patryjak

We need a program for October and November.

If anyone has anything to share with the Guild or something we can do as a membership, just let myself or Laura Know and we help to arrange it.

I wanted to share my discovery this Christmas when I was in Clare, Michigan in front of the "Cops and Doughnuts." I was visiting my sister Margaret and saw this. She said she knew The artist that made art with Bobbed wire. I told her that when I come up North to Clare I want to meet this Artist. My Sis said she would work that out for me.
